Youth Summit Planning

RPTS 321 500

September-June 2018 - 2019

The purpose of Youth Summit is to bring in teens that are deemed to be in high risk communities and have them attend a 3-4 day conference filled with speakers, workshops, and activities to show them that their communities do not define them. We started planning Youth Summit back in September 2018 and implemented the event in June.

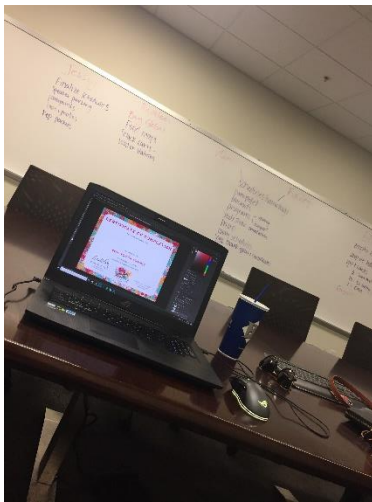

My responsibilities in the planning process were creating all the graphics including but not limited to, t-shirts, name tags, social media graphics, logos, booklets, schedules, posters, placards, photo overlays, etc. I was also in charge of finding and booking activities while working within a budget. Lastly, I was in charge of managing all social media accounts and creating content for that.

Improvements that could be made would be remembering time differences it gets darker sooner in the winter than it does in the summer. Also, for some of the graphic elements if planned out ahead of time we could have printed some thicker name tags on like id material instead of just paper. Then they would have been sturdier. Overall planning went well and the event was a big hit!

Event Pictures:

- Photo of Myself at Youth Summit
- My computer showing my work on the certificate of completion
- A room schedule
- Summer Summit Logo
- Staff shirt
- Banquet Social Media post
- Main Day Summit shirt
- 2 bottom photos is our team at work in the conference room the week of the event
- One of the name tags
