YAC Rep Weekend Volunteer/Planning

RPTS 321 500

March 21-23, 2019

YAC Rep Weekend was a pre-event weekend for Youth Summit which is happening a few months later in June. YAC Reps are chosen teens from each site across Texas which take on a leadership role in their sites: each site has 2 reps, one of each gender. The purpose of the weekend was to bring in the Reps and give us their opinion on what they wanted at the Summit over the Summer.

During the weekend each planning member put together a slideshow of potential food, activities, speakers, workshops, etc. We then presented the options to the Reps and got their feedback and opinions on each item. We also treated them to an Aggie Softball game and an ice cream social. My responsibilities included creating the presentation on activities as well as creating a logo, t-shirts, graphics, documents, and other graphic elements. On day 1, I created in-room welcomes for the participants, checked people in as they arrived, and ordered food for the participants for dinner. On day 2, I engaged participants in ice breakers, presented the potential activities for the summer summit, and helped usher the teens around campus. On day 3, I helped serve breakfast, signed Reps out as they left, gave the reps their required forms for their schools, and helped clean and pack everything up.

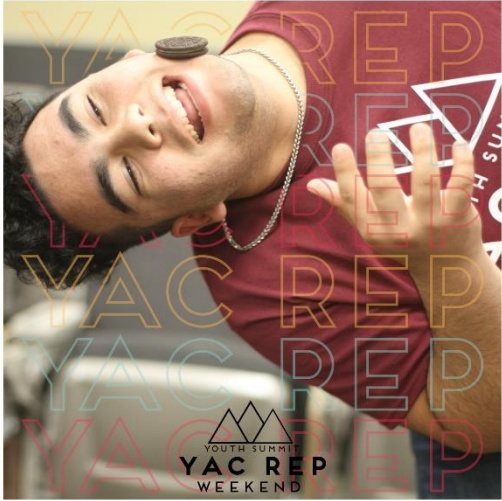

Overall the weekend ended up extremely beneficial because the Summer Summit is for the teens and we wanted it to be exactly what they wanted and to have an opinion in the process. By having the Rep Weekend we got exactly what we were after and they were more than happy to share their opinions and give us valuable feedback. Improvements that could be made would be to start planning the weekend further out. We got approval from the state late, therefore, we only had about 3 weeks to make the event happen. Other things would be to have a better checkout process and to work with the venue more in order to not have to make last-minute changes.
